

WESTERN LIBERAL.

FRIDAY, JUNE 7, 1889.

Dance to-night.
Pines Altos has a base ball club.
The water in the railroad well is raising.
C. H. Walker wants to be postmaster at Silver City.

Maurice Downey was down from Hachita Monday.
Silver City is going to have a big celebration the Fourth.

L. N. Gomstock and family made an El Paso visit this week.

John A. Miller was in town Saturday on his way to Clifton.

J. H. Longmire was in the city Tuesday, bound for Tucson.

Col. M. J. Egan of Clifton was in the city Tuesday on his way to Tucson.

We understand that Tom Woods has sub-contracted the Gold Hill mail route.

The Hart Brothers are putting a steam pump on the well at their slaughter house below town.

The CA—on it is driving 2,000 head of cattle from the Colorado ranch to the Indian nation.

Mrs. C. S. Kellum and her daughters, Miss Minnie and Daisy, are rusticated at Gold Hill.

Master Bramble Dewby has bloomed out in all the glories of a brand new nickel plated tricycle.

Nicol Brothers this week sold 500 head of cattle to W. M. Lacey of Kansas, at a satisfactory price.

The law keeping women out of the saloons is rightly enforced in this section of the moral vineyard.

The Rev. H. J. Fourness will preach at Shakespeare Sunday morning and at Lordsburg in the evening.

E. Taylor Perry, the ex-cowboy of the Barro mountain and Gila country, was in the city this week.

Thos. Foster-staid in town but a couple of days, and then returned to Silver City on important business.

Operator Gibson, formerly of Separ is now day operator here and Sloan is once more on the night desk.

Frank Proctor is nursing a sick head, caused by a sliver of steel becoming imbedded in one of his fingers.

Mrs. Ralph Fetterly is up from Lordsburg on a visit to her sister-in-law Mrs. Clara Fetterly.—Pinos Altos Mirror.

J. P. Owenby this week purchased the houses owned by Lucy Washington. Lucy intends to remove to Silver City.

Ticket Agent Elliott of the Boston & Maine road at Bangor, Maine, was in the city Sunday on a trip for his health.

Last Friday this section was visited by an earthquake which was felt from El Paso to Benson. No damage is reported.

J. E. Hussey, who has been mining in Cow Springs district for some months past, left this week for Ireland.—Enterprise.

On the Southern Pacific engine road point has been succeeded by black. Consequently John Bruce's engine looks more like a hearse than a band wagon.

In another column will be found the advertisement of the Railroad saloon which has been opened this week by Harry Simpson. Harry is a popular caterer and is picking up a good business.

County officers while in the discharge of their duties often encounter serious difficulties. For instance, last Saturday Asessor Claassen, while on route from Deming to Lordsburg had to stop over at Separ to count a newly hatched brood of chickens on a hen ranch there, so as to correct his assessment roll. He expected to have to stay there a couple of hours and then catch a freight train for Lordsburg. The freight train came along, but it had no business at Separ and so went by at the rate of about 40 miles an hour and the assessor was left. Separ has no hotel, restaurant nor lodging house and a supperless bed on the prairie staid Claassen in the face. However, the station agent took compassion on him and divided hunch with him and allowed him to pick out a soft plank in the freight bed to sleep on. When he got home the next day he simply ejaculated: "What a time."

Last Saturday evening Wm. Polk, the well known Arizona & New Mexico engineer, went down to Tucson and returned Monday morning. While in the "heat city" there was a special meeting of the lodge of the brotherhood of locomotive engineers and Billy was inducted into the mysteries of the order. After he had been obligated and had received the password and grip he was brought up on the carpet before the superintendent who proceeded to jack him up. The superintendent also gave him considerable good advice in regard to running an engine and how to conduct himself on the life trip. Billy is not much stuck on good advice anyway, but he stood this as long as he could and then broke in and said: "Your advice may be very good and just what is needed where a man is running a barber pole engine on a broad gauge road, but if a man should try to work an engine that way on a slim gauge road his engine would leave the right of way and try to climb up a mountain." Just here the Hon. Jack O'Brien whistled down brakes and John Bruce called out, "Twenty minutes for refreshments. Everybody come down to Billy Reed's with me."

CLIFTON COLLINGS.

Fritz Adolph, the proprietor of the Mountain Brewery is a genuine chicken fancier. He has six or seven choice breeds of chickens such as Houdans, Langshans, Black Hamburgs, Black Spanish and other plumaged breeds. He has an incubator that he successfully works. The yield of chicks from it is 92 per cent. Dick Bayles has taken a lease on the Alaska group of mines and will proceed to take them out.

The Gold Mountain company is a lumber taken to Hoveyville for the purpose of erecting the necessary building to operate the mill and to work the mines. It is stated on authority that the stamps will drop inside of ten days. Every thing is ready to do so but it seems that the powers that are, or were, or be in Missouri have to be consulted before the long looked for event takes place.

The Whelan Bros., Ed and John, are dispensing "life itself" to the patrons of the Coronado saloon. The way that they mix mixed-drinks would make a good templer slobber like a mad dog.

Jeff Whittington reports that he has placed a drifting station in the south-west (140 ft.) at the 50 foot level and has encountered a body of ore that promises both in quality and quantity, to more than recompense him for his late disappointment. The boys at the other end of camp, Mills, Grant & Miller are taking out some exceedingly rich ores from the Silver King mine.

In the near future you need not be surprised if a series of notes are hurled at you touching Graham county politics. "For ways that are dark and tricks that are vain" the political wire puller of Graham Co. is peculiar. It is reported that in order to quell political opponents, that charges are sprung by insinuation and a party has been arrested as a Wham rafter, lodged in jail at Tucson for no other reason than he aspired to be a delegate to the coming constitutional convention.

The camp is dull. But it is rumored that shortly an era of actively in mining matters will occur. The writer is informed that there is on deposit in a Silver City bank \$100,000 to cover a deed that is in escrow to an interest in a group of mines, that has been held by an old prospector and his partners for years, which is known as the Carrie C. group. The prospector referred to is Mose Greenlee.

It is also rumored that the Copper King mining company will erect a smelter at Oro, about 3 miles above here, for the reduction of copper and silver ores. The Copper King mine has the reputation of being the finest property in this section. The ore is copper glance, the pay streak being about 6 feet wide, and carries silver all the way from \$40 to \$60. A test run of 18 or 20 tons was shipped to Bangor, Maine, the first part of May to ascertain the best method of treating the ore. Miranda, Peck is president of the company and he has secured the services of the very best metallurgist on this coast, David Gough, late superintendent of smelters for the Detroit copper company, a superintendent of operation of the plant. When of men ability, such as Mr. Gough, are selected to construct furnaces and other appliances for the treatment of ores, the time is at hand for the jobbing expert to retire from this field. The boys at Silver City are sorting some high grade ore for shipment.

P. Meador is prospecting for a ledge that he supposes exists on a claim of his, from which he found that assayed over \$12,000.

Sig Wiesel is raising a pet dove (not an oil can).

Decoration day was not observed here.

The dance at North Clifton on the 31st ult. was a decided success. The electric, waltz and "myself" were there. A swinging on the corner Tom Smith is a whizzer.

Probate Judge John Blake came in on Tuesday evening's train.

The justice's court will ground out souther master just week while the district attorney was here. A case of abduction was also on the docket, and the adulterous affair will materialize in the next term of the district court into a divorce. When the parties are united in the holy bonds of matrimony all hands will be happy.

Judge Holman is now prepared to make deeds to the people who claim town lots in Lordsburg. The judge requires a payment of \$8.50 to be made on each lot. Under the law each person who desires to thus complete the title to his lot must do so within 90 days from May 27th, otherwise he will lose all claim to his lots and the improvements that have been made on them. At the expiration of that time a board of trustees will be elected which will dispose of the balance of the lots for the benefit of the school fund.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Calif., druggist, "a Chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranteed that it would cure him. He came in again last night, as soon as he got inside the door, began to swing his arm over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say: 'Medicine really fine, really fine; all me feel plenty good.' Chamberlain's Pain Balm is without an equal for sprains, rheumatism, aches, pains or lame back. For sale at Eagle drug store.

Judge McFie has certainly lost none of his courteous and gentlemanly ways since being raised to the bench. He opens court promptly at the hour set, and works hard all day. Every lawyer has plenty of time to present his case, and is never cocked off as under Henderson. One prominent lawyer remarked the other day that everything run so smoothly that he felt as if he had religion, and that the legal fraternity was one joyous, happy family. "Why," he said, "the lawyers now have no enemies in the court like perfect gentlemen, and are satisfied that their cases will have a fair show when they come up for trial."—Enterprise.

The Hart Brothers this week sold to S. L. Boyce of Montana 1,000 head of cattle, and to W. M. Lacey of Kansas 500 head. The prices were good. The cattle will be shipped about the 15th. C. B. Zeek of Kenna City is in town and will undoubtedly make a trade for 500 or 1,000 head with the Hart Brothers.

There has been noticed in town lately a lot of beetles about an inch long, striped white and green on the back. They are apparently a very harmless creature, but several persons who had the misfortune to catch them have found that they can beat a Spanish fly for raising a blister.

Bulletin: Major A. F. Towner, who was sent to pay off the troops not liquidated by Paymaster Wham, was accompanied by twenty soldier under a commissioned officer. We have not learned whether any artillery was taken along or not.

Jack Romney, who has about recovered from the bullet wound in his breast, on Tuesday went over to Silver City in response to an invitation from the grand jury to explain to that honorable body just how it all happened.

L. I. Marsh, who has been appointed postmaster at Hachita, via J. W. Roland, resigned. The Liberal facilitates the general judge on his appointment, and is only sorry that his happiness is now marred with a tinge of grief.

The snow on the mountains is nearly all melted, and the San Francisco and Gila rivers have about resumed their normal levels.

Walter Fawcett has resigned his position as assistant master mechanic at this place and gone to Texas. F. Dagan fills his place.

Mr. Moore, the post master at Bradshaw, Va., after reading an advertisement of Chamberlain's Cough, Colic and Diarrhoea Balm, concluded to try a small bottle of it. He says: "I used it in two cases for colic and three for diarrhoea with perfect satisfaction. One dose gave relief in every case but one, that was a bad case of colic and required the second dose. I have handled a great deal of patent medicine as agent and for my own use, but never tried any that gave me good results as Chamberlain's Cough, Colic and Diarrhoea Balm." For sale at 25 and 50 cents per bottle at Eagle drug store.

Mr. Moore, the post master at Bradshaw, Va., after reading an advertisement of Chamberlain's Cough, Colic and Diarrhoea Balm, concluded to try a small bottle of it. In the district court among other business we note the following: San Simon company vs. McWhirt, heard on order to show cause. Grant county vs. Sierra county, pleas filed. T. Meredith & Aliman case and the Lewi murder case were changed to Dallas County. The grand jury discharged J. J. Pearson and returned bills against Ada Homes, murder; Edward Holston and Wilby Holston, murder; James Aguirre, wife beating; Chas. Walters, rape; Frank Haffin four charges of assault with intent to kill.

Joe Terrill, manager of the Gebhardt cattle company and Miss Lulu Y. Bass, were married at York's ranch last Tuesday by Judge John Blake of Somonville. The happy couple were in town Tuesday, en route to Colorado Spring to spend their honeymoon.

CONSTABLE'S SALE.

By virtue of a writ issued and execution issued out of the justice's court of precinct No. 20, Grant county, New Mexico, dated the 21st day of May, 1889, and in obedience to a certain order of said justice's court, the undersigned, sheriff of said county, do hereby sell to the highest bidder for cash, the following described property belonging to the Heilman mining company, to-wit:

1 Grindstone.
1 set of car axle and wheels.
1 set of falls and 200 feet of rope.
1 Staircase pipe cutter.
75 pounds of nails.
1 lot of pipe fittings.
5 rolls of rubber tubing.
2 coils 4 foot wire.
200 feet 3/4 inch piping.

Public notice is hereby given that on Sunday the 17th day of June at eleven o'clock a. m. at the H-reeds well at Shakespeare, I will sell all the right, title and interest of the said Heilman mining company, being the above described property, at public auction, to the best bidder, to satisfy said judgment and all costs.

ROBERT BLACK,
Deputy Sheriff
Lordsburg, New Mexico, May 22, 1889

You Should Read.

America.

WHY?
Because it is the only paper in America that advocates American rule in the United States.

Because America gives each week a equivalent of the contents of a 35 cent monthly.

Because America has a larger circulation than any other paper published in this country.

Because it prints each week stories, essays, poems and miscellaneous articles from such authors as these:

Senator Allison
Senator Manderson
Senator Mitchell
Senator Stewart
Rich Low
Ellis Whelpley Wilcox
James Russell Lowell
Edgar Poe
Franklin D. Roosevelt
J. T. Knowlton
Robert Grant
W. Clark Russell
Senator Cullum
Senator Teller
Senator Lawrence
Theodore Roosevelt
Andrew D. White
Bishop Cox
Admiral Porter
Charles Dudley Warner
James Whitcomb Riley
Edgar Saltus
John Hawthorne

And scores of others who are equally famous. Because you can subscribe one year for \$2.50, six months for \$2, three months for \$1.50. Because you can use it as any newspaper for ten cents per copy.

Because if you buy a copy and can truthfully state that its principles are worthy of the support of every American citizen your money will be refunded by a circulation to

THE AMERICAN PUBLISHING COMPANY,
